

It might have been a school day, but that didn't stop students in Grades 1st - 8th from attending a Columbia Fireflies baseball game the first week in May thanks to a special reading program offered by the minor league team. The program's goal is to encourage reading development: schools set a reading goal for students to achieve and then each student's progress is tracked. Everyone who reaches their goal receives tickets and a meal at the game. The Fireflies Reading Program has been a wonderful, rewarding experience for our students, helping them to learn and grow in their love of reading! Thank you to all of our hard-working students who participated!
